

DEPARTMENTS OF EDUCATION, AGRICULTURE,
INDUSTRIES AND COMMERCE.

Notification No. G 2146—G. M. 55-12-240, dated 2nd September 1913.

The following rules for the grant of loans for agricultural, industrial and commercial purposes are published for general information.

By Order,
C. S. BALASUNDARAM IYER,
*Secretary to Government,
Departments of Industries and Commerce.*

RULES FOR THE GRANT OF LOANS GENERALLY TO FACILITATE
AGRICULTURAL AND INDUSTRIAL OPERATIONS AND FOR THE
PURCHASE AND ERECTION OF MACHINERY.

1. In order to facilitate agricultural and industrial operations, loans of money may be granted under these rules for any or all the purposes specified below :—

- (1) for the purchase and erection of machinery for agricultural or industrial undertakings ;
- (2) for the construction of wells or tanks, of mills, warehouses and other structures necessary for agricultural and industrial operations ;
- (3) for the provision of raw material, working capital or appliances other than those specified above required for the carrying on of industrial operations.

2. The Director of Industries and Commerce shall be competent to sanction loans not exceeding Rs. 1,000 ; loans of larger sums shall be granted with the sanction of Government. Loans granted for the objects specified in (1) & (3) of Rule 1 will ordinarily be subject to a limit of Rs. 10,000 and Rs. 5,000, respectively, in each case.

3. The rate of interest charged shall be $6\frac{1}{2}$ per cent per annum.

4. Interest shall accrue from the date of the disbursement of the loan ; or, if it is expended by the Department of Industries and Commerce, from the date on which the machinery is put in working order by that department and the borrower put in possession of the same.

5. *Period allowed for repayment and mode of recovery of loans.*—Loans shall be repayable by fixed annual payments, discharging both principal and interest.

Simple interest shall be charged on the loan, or, if it is disbursed in instalments, on these instalments, up to a date one year previous to the date fixed for commencement of repayment ; and the total amount comprising the loan and such interest shall be recovered by annuities.

The time allowed for repayment of the loans and the amount of instalments shall be fixed by the Director of Industries and Commerce ; but such time shall not exceed five years in the case of loans for industrial purposes and seven years in the case of loans for agricultural purposes.

The time for repayment specified above shall count from the date on which interest becomes chargeable under Rule 4 above, provided that nothing in this rule shall be taken to preclude a borrower from discharging the loan at an earlier period or from paying a larger amount than the annual instalment. The excess so paid shall be credited in reduction of principal and the number of future payments shall, if necessary, be decreased, but no reduction in the amount of the instalments fixed under para 2 of this rule shall on this account be allowed.

6. The date for repayment of each instalment shall be decided by the Director of Industries and Commerce in reference to the nature of the object for which the

loan is granted. But the date of the repayment of the first instalment shall not be put off for more than fifteen months from the date on which interest becomes chargeable on the loan under Rule 4 above.

7. *Postponement of repayment and remissions.*—If from causes beyond the control of the borrower the payment of any instalment becomes unduly burdensome to him, the repayment of this and all the subsequent instalments may, notwithstanding anything contained in Rules 5 and 6, be suspended by the Director of Industries and Commerce for a period of one instalment. Simple interest at $6\frac{1}{4}$ per cent shall be charged on all suspended instalments for the period of such suspension.

8. When the work for the carrying out of which the loan is contracted fails from causes beyond the borrower's control, and when the recovery of the loan in full would occasion serious hardship to the borrower, the circumstances of the case shall be reported to Government, and such orders as Government may be pleased to pass shall be binding on the borrower.

9. On every instalment which is not paid before the close of the revenue year in which payment falls due, interest at $6\frac{1}{4}$ per cent will be charged from the date on which payment ought to have been made. In calculating interest under this rule, a broken period of a month shall count as half a month or one month according as it is less or not less than 15 days and a fraction of a rupee as half rupee or one rupee according as it is less or not less than 8 annas.

10. Repayment should ordinarily be made at the treasury of the taluk in which the work has been carried out, but with the special permission of the Director repayment may be made at any District or Taluk Treasury in the State.

11. *Security.*—(a) No loan shall be granted unless the value of the security is at least equal to the amount of the loan applied for. The nature of the security to be required of the applicant or his surety shall be the saleable interest in lands or other immovable property held by the borrower or his surety, as the case may be, provided the value of the same is at least equal to the amount of the loan applied for; in addition to which, the object upon which the loan is expended shall be mortgaged to Government as additional security.

(b) When a loan is applied for by a group of persons on their joint personal security, an amount not exceeding 10 times the annual assessment of the lands held by the applicants may be sanctioned at the discretion of the sanctioning authority, provided that in addition to their personal security, the applicants mortgage to Government the whole plant, machinery and buildings on the purchase and erection of which the loan is expended.

12. *Hire-purchase.*—If an applicant so desires, he may, instead of offering security of immovable property for a loan to purchase machinery for agricultural or industrial purposes, obtain the requisite machinery from the Director of Industries on the hire-purchase system on the terms specified in the form of agreement appended hereto, provided the applicant deposits with his application one-fourth of the value of the machinery he requires.

13. *Recovery of loans.*—All loans granted under these rules and all other sums falling due to Government in connection therewith, or under a contract for hire-purchase, shall be recoverable as arrears of land revenue, and a stipulation to this effect shall be inserted in every agreement executed by a borrower.

14. If, at any time, the Director of Industries and Commerce is satisfied that any person or persons who have received a loan, have failed to perform any of the conditions on which it was made, he may, after recording in writing the grounds of his decision, pass an order directing the recovery forthwith of the loan, with any interest payable thereon and costs, as an arrear of land revenue. On receipt of a certified copy of such an order, the Deputy Commissioner to whom it is communicated will forthwith proceed to recover from such person or persons any sums which may remain due together with any interest payable thereon and costs, as an arrear of land revenue: provided that, with the sanction of the Director of Industries and Commerce, such officer may, at his discretion, so recover any sum less than the whole balance of the loan without prejudice to his right to recover the remainder of such balance at any subsequent time.

15. *Mode of application.*—An application for a loan must be made in writing to the Director of Industries and Commerce on Form No. I, hereto annexed,

printed copies of which will be available free of cost at all Taluk Offices. Every application for a loan shall contain a declaration signed by the applicant or his surety, as the case may be, that the statements made therein regarding the nature and extent of the encumbrances on the property offered as security are true and that there are no other encumbrances on the property to the best of his information and belief. The applicant shall also show in the column of remarks in Form I:—

- (1) Whether the applicant proposes to supplement the loan by any private capital and if so, to what extent;
- (2) the estimated total cost of the proposed work and the probable period that will be occupied in its construction.

16. An application for machinery on the hire-purchase system shall be in Form II appended hereto, printed copies of which will be available free of cost at all Taluk Offices.

17. *Grant of loans.*—No loan shall be granted without a local inquiry, which shall be held by a Special Officer attached to the Department of Industries and Commerce for that purpose. The result of his inquiry will be reported to the Director of Industries and Commerce, whose subsequent action in dealing with the application will be determined by the nature of the report as to the value of the security rendered. In dealing with applications for loans connected with agricultural purposes the Director will obtain and place on record the opinion of the Deputy Commissioner of the District where the loan is to be utilised.

18. Loans will ordinarily be granted for the purchase of machinery approved by the Director of Industries and Commerce or other competent professional adviser as suitable for the purpose to which it is to be applied. Intending applicants for loans may address the Director to obtain advice, previous to submitting their applications. For the present, no fees will be charged by the Department for advice and assistance.

19. All loans will be disbursed by the Director, and it will be the duty of the borrower to put the work in hand immediately after the receipt of the loan.

The Department of Industries and Commerce will, if requested to do so, undertake the erection and starting of machinery for private individuals or firms, and will hand over the same in good working order.

20. Machinery purchased with loans obtained under these rules must be maintained in good working order to the satisfaction of the Director of Industries and Commerce, who may order repairs or renewals to be made at the cost of the owner. Failure to comply with such orders will involve proceedings for the recovery of the loan under Rule 14 of these rules.

21. *Registers and accounts.*—The Director shall keep a register of loans and repayments under these rules, including cases of hire-purchase, in a form which he will settle in consultation with the Comptroller. This register should clearly show the stage in which each transaction stands at any particular time.

22. Every loan sanctioned under these rules should be reported by the sanctioning authority to the Comptroller with full particulars. The Comptroller will see that the loan is covered by rules and sanction of competent authority and will watch the repayment of the instalments. A special section in the Comptroller's annual report on loan transactions should be devoted to loans under these rules.

NOTE.

1. Application for a loan under these rules should be made to the Director of Industries and Commerce on Form No. 1, printed copies of which will be available free of cost in all taluk offices.
2. Loans of money may be granted under these rules for any or all the purposes specified below:—

 - (ii) The construction of wells and tanks, of mills, warehouses and other structures necessary for agricultural or industrial operations.
 - (iii) The provision of raw material, working capital or appliances, other than those specified above, required for the carrying on of industrial operations, ordinarily up to a limit of Rs. 5,000 in each case.
3. All loans granted under these rules and all other sums falling due to Government in connection therewith shall be recoverable as an arrear of land revenue.
4. The applicant will show in the column of remarks in form No. 1:—
 - (i) Whether the applicant proposes to supplement the loan by any private capital and if so, to what extent;
 - (ii) the estimated total cost of the proposed work and the probable period that will be occupied in its construction.
5. The rate of interest charged on the loan shall be $6\frac{1}{4}$ per cent per annum.
6. Loans shall be repayable by fixed annual payments, discharging both principal and interest.
7. The time allowed for repayment shall be fixed by the Director of Industries and Commerce, subject to the limitation of a period of 5 years in the case of loans for industrial purposes and 7 years in the case of loans for agricultural purposes.
8. If the grantee of a loan misapplies the whole or any portion of the loan or otherwise fails in any of the conditions of the grant, the whole unpaid balance of the loan with interest and costs will be liable to summary recovery as an arrear of land revenue.
9. Loans for the purchase of machinery will be sanctioned, only on the condition that the machinery is approved by the Director of Industries and Commerce or other competent professional adviser as suitable for the purpose to which they are to be applied.
10. If requested, the Department of Industries and Commerce will undertake to erect the work for which the loan is obtained at the cost of the borrower and hand it over to him in good working order and with proper accounts of the expenses incurred on his behalf.
11. The machinery purchased and the buildings, etc., erected with the loan referred to above shall be maintained in a suitable condition and working order and repairs and renewals as directed by the Director from time to time shall be carried out without undue delay.

N.B.—This is a summary of the conditions under which the loans sanctioned in Government Order No. G. 2097-145—G. M. 55-12-239, dated 2nd September 1913, are granted. For further particulars the order itself should be consulted.
